SECTION I: GENERAL INFORMATION

Introduction

The Office of Testing and Assessment serves as the repository for statistical research at the University. This annual publication provides administrators, faculty, staff, students and the public with statistical data pertinent to University operations.

The 2013-2014 Claflin University Fact Book reflects statistical data over a five year period. The publication contains a broad representation of statistical data which allows the user to formulate serial correlations and analyze trends and patterns occurring at the University.

The Fact Book employs a multitude of resources to compile vast findings. The Office of Testing and Assessment expresses sincere appreciation to all those persons, whose invaluable professionalism and cooperation assisted with publishing this document, once again, possible.

Vision Statement

Clafin University will be recognized as one of the premier undergraduate teaching and research universities in the world that prepares effective and visionary leaders with global perspectives.

Mission Statement

Clafin University is a comprehensive institution of higher education affiliated with the United Methodist Church. A historically black university founded in 1869. Clafin is committed to providing students with access to exemplary educational opportunities in its undergraduate, graduate and continuing education programs. Clafin seeks to foster a rich community comprised of students, faculty, staff, and administrators who work to nurture and develop the skills and character needed for engaged citizenship and visionary and effective leadership.

In its undergraduate programs, Clafin provides students with the essential foundation of a liberal arts education. Emphasizing critical and analytic thinking, independent research, oral and written communication skills, the University invites students to use disciplined study to explore and confront the substantive challenges facing the global society. Clafin's graduate programs provide opportunities for advanced students to increase their specialization in particular fields of study oriented toward professional enhancement and academic growth. Its continuing education programs provide students with expanded avenues for professional development and personal fulfillment.

Clafin University Guiding Principles

At the center of everything we do is a system of values informing and guiding all policies and programs. These values, expressed through our decisions and actions, are defined by five over-arching guiding principles:

COMMITMENT TO EXCELLENCE

COMMITMENT TO VALUING PEOPLE

COMMITMENT TO BEING CUSTOMER FOCUSED

COMMITMENT TO EXEMPLARY EDUCATIONAL PROGRAMS

COMMITMENT TO FISCAL ACCOUNTABILITY

Strategic Goals

I. Leadership Development: The University will strengthen and integrate all aspects of leadership development in order to ensure the development of students of exemplary achievement, distinctive confidence, integrity and a commitment to visionary leadership and selfless service.

II. Academic Program Development: The University will enhance the undergraduate and graduate curriculum to promote student success and increase the number of programs of distinction in the STEM (science, technology, engineering, and mathematics), business and education disciplines and in academic areas that build on the institution's strengths and address critical regional, national and global needs.

III. Resource Development: The University will identify and secure the funds required to support its vision and strategic goals.

IV. Accountability: The University will manage its human, financial, and physical resources effectively and efficiently to achieve its strategic goals.

V. Strategic Positioning: The University will effectively communicate its achievements and the ways in which it contributes to the advancement of a global society.

History

Clafin was founded in 1869 by Methodist missionaries to prepare freed slaves to take their rightful places as full American citizens. The University takes its name from two Methodist churchmen, Massachusetts Governor William Claflin and his father, Boston philanthropist Lee Claflin, who provided a large part of the funds to purchase the campus.

Dr. Alonzo Webster, a minister and educator from Vermont and a member of Claflin's Board of Trustees, secured Claflin's charter in 1869. The charter forbids discrimination of any sort among faculty, staff and students, making Claflin the first South Carolina University open to all students regardless of race, class or gender.

Clafin opened its doors with Dr. Webster as its first president. He came to South Carolina to teach at the Baker Biblical Institute in Charleston, an institution established by the S.C. Mission Conference of 1866 of the Methodist Episcopal Church for the education of African American ministers. In 1870 the Baker Biblical Institute merged with Claflin University. An act by the South Carolina General Assembly on March 12, 1872, designated the South Carolina State Agricultural and Mechanical Institute as a part of Claflin University. In 1896 the S.C. General Assembly passed an act of separation which severed the State Agricultural and Mechanical Institute from Claflin University and established a separate institution which eventually became South Carolina State University.

Since the administration of Dr. Webster, Claflin has been served by seven presidents: Dr. Edward Cooke (1872-1884); Dr. Lewis M. Dunton (1884-1922); Dr. Joseph B. Randolph (1922-1944); Dr. John J. Seabrook (1945-1955); Dr. Hubert V. Manning (1956-1984); Dr. Oscar A. Rogers, Jr. (1984-1994); and Dr. Henry N. Tisdale (1994-present).

Dr. Cooke left the presidency of Lawrence College to become the second president of Claflin. During his administration, a disastrous fire destroyed the Fisk Building, a proud monument designed by Robert Bates, recognized as the first certified Black Architect in the United States. In 1879 the first college class was graduated.

The Reverend Dr. Dunton, former vice president and development officer, was Claflin's third president. Dr. Dunton, a graduate of Syracuse University, was a practical educator. Under his administration the law department was set up under the Honorable J. J. Wright, a former Associate Justice of the S.C. Supreme Court; graduates were admitted to the South Carolina Bar; Claflin's property increased from six to 21 acres. After his retirement, Dr. Dunton deeded his personal home and six acres of land to Claflin.

Dr. Randolph, Claflin's fourth president, was the former president of Samuel Houston College and former dean of Wiley College. As a professional educator, he placed emphasis on a complete liberal arts education for the students who were inspired intellectually, culturally, and spiritually to launch into varied fields. The high school and upper grades were discontinued, but the first four elementary grades were retained for the teacher education program; this part of the program was later discontinued.

Dr. Seabrook, director of Morgan Christian Center, Baltimore, Maryland, became the fifth president of Claflin. Dr. Seabrook persuaded the South Carolina Annual Conference to increase substantially its annual giving to Claflin. Furthermore, he revitalized the interest of the New England Conference of the Methodist Church in the institution. The endowment was increased, and the curriculum was expanded. The college received its first accreditation by the Southern Association of Colleges and Schools in 1948.

Dr. Manning was appointed Claflin's sixth president. He was a Methodist minister and former associate professor at Claflin. Under Dr. Manning's leadership the faculty was strengthened, the endowment increased and the physical plant was significantly expanded.

Dr. Rogers, former dean of the Graduate School at Jackson State University, became Claflin's seventh president. Under his administration the enrollment and endowment increased, the Grace Thomas Kennedy building was constructed, the financial base of the college improved, and two capital campaigns were completed. Dr. Rogers also commissioned a master plan to guide campus development into the 21st century.

Dr. Tisdale, Claflin's eighth and current president, was former senior vice president and chief academic officer at Delaware State University. Dr. Tisdale brought a wealth of scholarly achievement and demonstrated leadership to the University. He declared academic excellence the number one priority for Claflin. The first steps, designed to enhance the academic environment, included the establishment of the Claflin Honors College and the Center for Excellence in Science and Mathematics, and the national accreditation of more than a dozen academic programs. Graduate programs established include the Master of Business Administration, the Master of Science in Biotechnology and the Master of Education. Facilities enhancements include construction of the Living and Learning Center, Legacy Plaza, the Student Residential Center, the Music Center, and the new University Chapel. Claflin University is now recognized as one of the premier liberal arts institutions in the nation.

Accreditation

Claflin University is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools to award baccalaureate and masters degrees. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call 404-679-4500 for questions about the accreditation of Claflin University.

Specialized Accreditation

The University is approved by the University Senate of the United Methodist Church for listing as a United Methodist Church related institution. The programs in the School of Education are accredited by the National Association for the Accreditation of Teacher Education (NCATE) and by the South Carolina State Board of Education. The programs in the School of Business are accredited by the Accreditation Council for Business Schools and Programs (ACBSP). The Department of Music is an associate accredited institutional member of the National Association of Schools of Music (NASM). The Department of Chemistry is accredited by the American Chemical Society (ACS).
