Welcome

On behalf of Residential Life, I would like to be one of the first to welcome you to Claflin University and express our excitement that you have joined us this year in one of our various residential communities. Residential Life strives to facilitate lifelong learning among our students in their quest to become visionaries. It is our goal to create a supportive environment in which awareness, growth, leadership and civic engagement are fostered through intentional endeavors and meaningful interactions.

We hope that you will find that the residence halls at Claflin University are more than just a place to store your things and get a good night's rest, but a place where you feel at home, where you can discover yourself, the world around you, create your own destiny and where you can foster dynamic, deeply-rooted relationships.

For your convenience, Residential Life has created a manual that contains useful information about making the most of your residential experience (to access the manual go to: <http://www.claflin.edu/docs/student-services/guide.pdf?sfvrsn=2>). Additionally, we have support staff that is prepared to help you and your family through the transition. In the coming weeks, you will receive information regarding the move-in process. To ensure that your move-in experience runs smoothly, we ask that you pay careful attention to the instructions.

Finally, I would like to leave you with our vision, which is "to establish Claflin University as one of the premier undergraduate teaching and research universities in the world that prepares effective and visionary leaders with global perspectives." With this vision in mind and a score of unique opportunities awaiting you, we greatly anticipate your arrival.

In the meantime, if you have any questions, please call our office at 803-535-5330. Thank you for being part of our Panther family and again, welcome to Claflin University.

CLAFLIN UNIVERSITY'S VISION

Clafin University will be recognized as a leading 21st Century institution of higher education that develops a diverse and inclusive community of globally engaged visionary leaders.

GUIDING PRINCIPLES

- COMMITMENT TO EXCELLENCE
- COMMITMENT TO VALUING PEOPLE
- COMMITMENT TO BEING STUDENT CENTERED
- COMMITMENT TO EXEMPLARY EDUCATIONAL PROGRAMS
- COMMITMENT TO FISCAL ACCOUNTABILITY

OUR MISSION

Clafin University is a comprehensive institution of higher education affiliated with the United Methodist Church. A historically black University founded in 1869, Clafin is committed to providing students with access to exemplary educational opportunities in its undergraduate, graduate and continuing education programs. Clafin is dedicated to providing a student-centered, liberal arts education grounded in cutting-edge research, experiential learning, state-of-the art technology, community service, and life-long personal and professional fulfillment.

Clafin is a diverse and inclusive community of students, faculty, staff and administrators who work to cultivate practical wisdom, judgment, knowledge, skills and character needed for globally engaged citizenship and effective leadership.

WHO'S WHO IN RESIDENTIAL LIFE

Each residence hall is staffed with trained resource personnel who will provide you with the information and assistance you need as a resident student. Get to know these staff members; they are a vital part of your on-campus living experience.

Resident Manager

Under the supervision of the Director of Residential Life, the Resident Manager provides community and program development, administrative management, and general counseling for their respective communities. Along with their student staff, they enforce university policy and residential rules. They facilitate and support faculty-student centered interaction and student development for the residential community. Resident Managers also select, supervise, train and evaluate student staff members. They also participate in department and university committees and initiatives.

Residential Life Coordinator

The Residential Life Coordinator is responsible for assisting the Resident Manager in daily residence hall operations. This includes hall programming, Student Manager/Resident Assistant supervision, and required administrative paperwork.

Graduate Assistant

Graduate Assistants live within the residential communities. The Graduate Assistants' primary role is to interact with residents in creating a positive community building and individual learning by developing programs that offer residents a variety of opportunities to enhance their academic and personal experiences. In addition to program requirements, Graduate Assistants have on-call, general counseling, and mediation responsibilities, administrative and facilities duties and responsibility for maintaining community standards. While directly supervised by the Resident Manager, Graduate Assistants work collaboratively with other Graduate Assistants, program staff and service staff. However, at times this individual functions autonomously and with significant decision making authority.

Student Manager

This position is designed for a Junior or Senior student who has served as a Resident Assistant for at least one year. This student would have demonstrated exceptional responsibility, leadership, interpersonal skills, and an interest in staff development and assessment.

Resident Assistants

Resident Assistants at Claflin University have many different roles. They are peer counselors, community builders, academic resource people, programmers, and administrators. Resident Assistants spend a significant amount of time getting to know their residents as individuals and generating enthusiasm as they bring students together to create floor and hall communities. Resident Assistants are responsible for other students, and a successful staff member must be sensitive to the needs of many different people. Recognizing differences takes sensitivity, understanding, self-confidence, and strength or character. As residence hall community leaders, Resident Assistants encourage residents to respect one another, get involved with floor, hall and area activities, and provide information about campus resources. Finally, Resident Assistants are expected to be strong team players as members of a residence hall staff and Residential Programs. They are expected to display a commitment to the development of an effective hall

staff.

RESIDENTIAL HALL COUNCIL

Philosophy for Residential Hall Council

The purpose of developing Residential Hall Council is to encourage our students to become actively involved on campus and in the community. Moreover, the structure of the Council is designed so that students begin to take a more active role within their residence hall, and as a result develop a more deep respect for their environment and the people that co-exist within it. Through residential communities on each floor and building, we believe that it is important to create a supportive environment in which awareness, growth, leadership and civic engagement are fostered through intentional endeavors and meaningful interactions. That being said, programming will be promoted and geared toward the needs and growth of the students, thereby raising the quality and value of programming and residence hall living. Thus, supporting enhanced student development, while also fostering community development.

The Residential Hall Council is as a student-run organization, which is advised by the Resident Hall Manager. The Residential Hall Council will work mutually with both Student Managers and Resident Assistants, focusing primarily on community development opportunities. These opportunities will range from social events, to service events within the hall and throughout the larger community. The positions within the Council such as President, Vice- President, Secretary, Treasurer, and Chaplain will help to build and strengthen student leaders on campus. We hope this will also increase retention for the University, the residence halls, and provide excellent educational opportunities for our students. Such events include, but are not limited to; community socials, educational programs, and service projects. More specifically, the Councils will be expected to participate in Wellness Month, Homecoming, Alcohol Awareness Week, and Open House. Participation in these events in a variety of settings will increase student's awareness of issues, both campus and community related. It will, in turn, contribute to the overall development of our students and build a tighter, more collaborative union between Clafin and the community at large.

Objectives of Residential Hall Council

- To increase student involvement in decision-making
- To provide effective channels for feedback and input between students, staff, and administration
- To promote student and community development
- To promote quality programming within and among Residence Halls
- To develop student skills in leadership, organization, and communication
- To budget and disperse available funds
- To create a system of rewards for residents (i.e., recognition banquet, monthly rewards for best kept room)

Each resident will be notified of the missing students' policy and procedures, in the event that they are reported missing.

Each resident of the residence hall, upon checking into their assigned room is requested via the Personal Information Form, to identify the name and contact number of the individual(s) that is to be contacted in case of an emergency, including in the event of the resident being reported missing for a period of no more than 24 hours. For any resident under the age of 18, and not an emancipated individual, the institution is required to notify a custodial parent or guardian no later than 24 hours after the time that the resident is determined to be missing by Public Safety and University staff.

If a member of the Clafin University community has reason to believe that a student is missing, all efforts will be made immediately (no waiting period) to locate the student to determine his or her state of health and well-being. These efforts include, but are not limited to, checking the resident's room, class schedule, friends, ID card access, contacting Public Safety, locating the resident's vehicle, and calling cell phone number. If upon investigation by Public Safety and Housing and Residential Life Staff, the resident is determined missing for at least 24 hours, the Vice President for Student Development or designate, will contact the resident's designated emergency contact or custodial parent or legal guardian, if under the age of 18 or the student has failed to designate an emergency contact. Trash Removal

Due to the tremendous amount of trash at the end of the semester, it is difficult to remove all your trash expeditiously. It would be extremely helpful if you began taking out unwanted items as soon as possible. Do not leave items that you will be taking home in the hallway. Remember it will be necessary for you and your roommate to fully clean and remove all items from your room.

Room key/ID Card

Please remember to turn in your room key to residential life staff at the time you check out. Be sure to sign and initial the Room Condition Report Form in the appropriate space. The charge for keys not being returned is \$50.00 per key. There is also a \$150.00 non-compliance fee for improper check-out.

Damage Assessment

The Residential Life Staff will conduct a preliminary inspection of your room for damages using the Room Condition Report Form signed when you moved into your room. He/she will be checking mainly for cleanliness, for damages and to be sure that furniture is in the proper place. Any furniture you have removed from the room should be put back or you will be charged the full replacement price. Any charges or damages, which cannot be attributed to an individual in a room, will be equally divided among the **persons** occupying that room or suite.

CLEANLINESS

Residents are expected to keep their assigned room reasonably neat and clean at all times and to correct immediately any abuse pointed out by the Resident Manager or other Residential Life staff member. The staff reserves the right to ask a resident to clean the room at his/her discretion. Violations of this policy will be referred to the Assistant Vice President for Student Development and Services/Director of Residential Life

HEALTH AND SAFETY INSPECTION

You are responsible for keeping your room clean and free of any fire hazards. The Residential Life Staff (Resident Manager or Resident Life Coordinator) will make **monthly** room inspections of rooms to ensure compliance with health and safety standards. The day of your room inspection will be posted in the residence hall lobby. The following sanctions will take place when a resident fails his/her room-check:

Rating

1-Excellent

2-Good

3-Fair

4-Poor

Explanation of “4” Rating

- The first “4” is a Verbal Warning
- The second “4” is a Written Warning
- The third “4” is a \$50.00 fine
- Any “4s” received after the third “4” will result in more \$50.00 fines and/or Disciplinary Action set forth by Assistant Vice President for Student Development and Services/Director of Residential Life. **Immediate Disciplinary actions will be assessed for any student failing to comply with staff directives to perform cleaning duties at any time.**

Note:

- To avoid getting a fine you must have your bed made, floor mopped and swept, trash emptied, desk cleaned, under bed cleaned, sink in your room cleaned, bathroom in your room or suite cleared when this inspection is conducted.
- Custodial services are not provided after the resident has officially moved into their room. Residents should report any cleanliness problems in common areas to the front desk.
- Each suite area will have a bathroom schedule posted. If a resident refuses to clean the bathroom during his/her assigned week, a fine of \$25.00 will be assessed. If the resident still refuses to perform required cleaning duties, appropriate disciplinary actions will be taken.

The University strives to provide a clean, safe and healthy environment for all residents. Residents must place their trash in designated bins/dumpsters, located at the back or side of the residence hall. **A \$50 fine will be assessed per trash violation for trash found in any unauthorized areas (including bags of personal trash found in common area trash cans, bathrooms, hallway, suite, or outside the windows).**

COMMON AREA RESPONSIBILITY

Residents in the residence halls are jointly responsible for the care of common areas and residence hall property. Common areas are defined as those areas available for the use of all residents living in a suite, wing/side, floor, or hall. Fines for damages (e.g., trash, littering, and vandalism) to common areas and property will be assessed and divided among residents of the community if the responsible person is not identified.

DECORATIONS

Residents are encouraged to decorate their rooms in a manner that will be pleasing to them. All decorations must be removed at checkout. The following are guidelines that should be considered:

- **Curtains** – Curtains may be hung using tension rods in the window frames. Drilling holes in walls or using nails to hang curtain rods is prohibited. These curtains should not be visible from the exterior of the residence hall. The University strives to maintain a uniform appearance for the exterior of the building. When using curtains of colors other than white the student must use a white liner between the blinds and curtains.
- **Dartboards** - Dartboards and/or archery equipment are prohibited in residence halls.
- **Furniture** - All University-provided furniture must remain in the room/suite. Do not place room furniture in foyers, hallways or outside the residence hall. Common area furniture is to remain in common areas. Residents found with common area furniture in their room will be subject to disciplinary action and be fined **\$50 per item** removed from the lounge or residence hall room. Residents must return the furniture in their room/suite to its original arrangement upon checkout.
- **Walls/Ceilings** - Painting of rooms in the residence halls is strictly prohibited. Wallpaper and borders are prohibited. Mini-blinds may not be removed from windows. Occupants are fully responsible for damages to their room. Nothing may be drilled, nailed, or screwed into the walls, ceiling, or floor. Residents are prohibited from filling any holes that may exist. Residents will be billed for damage to walls. Hanging items from ceilings is prohibited. Taping or gluing items will cause paint to peel and is prohibited.
- **Room Door**- Exterior or interior of the room door is not to be used for any student's personal display. The residents of the room will be charged for any damages caused to the paint on the doors.

DISABILITIES SERVICES

In compliance with section 504 of the rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990, Claflin University recognizes an individual with a disability as anyone who has a physical or mental impairment that substantially limits one or more major life activities.

Contact the Office of Disabilities at 803.535.5285 or come by the office at suite 106, Office 111 in Corson Hall, for information on available Disability Services.

FIRE SAFETY POLICY

The Higher Education Opportunity Act (Public Law 110-315) became law in August 2008. It requires all United States academic institutions to produce an annual fire safety report outlining fire safety practices, standards and all fire-related on-campus statistics. The following public disclosure report details all information required by this law as it relates to Claflin University.

The safety of all Claflin University residents and employees is of the utmost priority to the University. In furtherance of this priority, working with our Public Safety Office and local Fire Department, all fire systems and alarms are tested each semester and monitored 24 hours a day. The backup batteries on the smoke detectors are changed on a predetermined schedule.

Information on all fires that occur on campus is available in the Public Safety Department Office for the asking. This information is also provided in the Annual Fire Safety Report.

Residence Hall Fire Systems

All housing units have required fire notification systems. This includes smoke detectors in each area. The newer residence halls all are equipped with fire suppression systems as well.

All locations meet city and state requirements for fire suppression systems, smoke detectors, and fire extinguisher placement.

All locations have pull stations and fire extinguishers.

Fire Safety Improvements and Upgrades

The University annually reviews the fire systems in our residence halls and will make upgrades, repairs, or revisions when problems are identified.

Residence Hall Fire Drills

Fire drills are held once a semester for each residence hall. Fire drills are mandatory supervised evacuations of a building for a fire and are scheduled with the Department of Public Safety and Plant Operations.

The supervised fire drill is scheduled within the first 3 weeks of the beginning of the semester.

Students who fail to leave the building during a fire drill are automatically assessed a \$150.00 charge. This incident will be turned over to the Executive Director of Residential Life

Fire Life Safety Education

Residential Life policy on Fire safety procedures and evacuation from residence halls is in the Residence Hall Handbook and the Student Handbook and it is discussed with residents when they move into the residence hall. In case of a fire, please sound the nearest fire alarm and evacuate the building. The following information below, addresses the procedure for evacuating when the alarm sounds is also thoroughly discussed.

Evacuation procedures are as follows:

- Know the emergency routes from your room and hall
- Check to see if your door is hot or has smoke around it. If so, stay in your room and wait for evacuation by firefighters

- Shut your door tightly when you leave
- Exit your building and follow the directions of staff members
- DO NOT remain in the streets, parking lot or in close proximity to the buildings
- Remain in designated locations until cleared for re-entry by either the Residential Life Staff or Public Safety

Fire Safety Equipment

Tampering with safety equipment and/or transmission of a false alarm is a violation of state law, and violators will be prosecuted. The University wants to protect the safety of all residents on campus. Tampering with safety equipment may impede exit procedures in case of an emergency.

- In case of a fire alarm, all residents must leave the building immediately. Residents are not to re-enter the building until instructed to do so by the Fire Department, a Security Officer, or a member of the Residential Life staff. Residents refusing/failing to vacate, or returning to the building before told to do so will be subject to disciplinary action, which will include a fine of \$150.00.
- Tampering with fire safety equipment (e.g., fire extinguishers, smoke detectors, sprinkler heads, fire evacuation stickers) are prohibited and will result in a \$150 fine and disciplinary action.
- The mishandling of fire extinguishers and fire alarms is prohibited. The inappropriate discharge of a fire extinguisher will result in a \$150 fine plus refilling costs, in addition to, disciplinary action. Sounding a false fire alarm is a felony and will be treated as such. Additionally, a \$500 fine will be charged.
- Covering or disconnecting smoke detectors is prohibited. A \$150 fine will be assessed for each disabled smoke detector, in addition to the cost of repair or reconnection.
- Stairwells should not be blocked at any time; this includes, but is not limited to, trash, boxes, and bicycles. **Stairwell doors may not be propped.**
- Students should report any problem associated with any safety equipment to the front desk immediately (i.e. battery beeping, discharged fire extinguisher, malfunctioning equipment).

Tips In Case Of a Fire:

1. If time permits, wear a coat and shoes.
2. Take a towel with you to put over your face to prevent smoke inhalation.
3. Close the windows and leave the lights on in the room.
4. Shut and lock your door.
5. Walk quickly, but in an orderly manner, through the exit for your area and continue 100 feet from the building.
6. **Use the stairs, not elevators,** to exit the building. If you are unable to exit the stairwell, remain in this safe zone until emergency personnel are able to assist you.
7. **Do not re-enter the building** until you are told to do so by a university official.
8. If smoke is encountered, stay low, since air is best near the floor.

9. If the corridor is too smoky to use, stay in your room. Keep the door closed. Use towels to fill in cracks around the door, air conditioning outlet, etc. Open the window and put your face near the opening to breathe. Wave a towel or sheet from the window to attract attention.
10. In the event of an emergency, call 911.

Failure to report a maintenance concern that results in unnecessary damage will be considered defacement to University property.
- The destruction, defacement, damage, or misuse of college or private property is prohibited and will result in disciplinary action and restitution by the responsible person(s) or through collective responsibility.

THE STUDENT WILL BE ASKED TO SIGN A VANDALISM/DAMAGE LETTER FOR ANY CHARGES INCURRED AS A RESULT OF DAMAGES

A list of those charges is on pages 35-36.

- Locks may not be added on any door in the unit, nor may they be changed or replaced. Slide locks and chain locks are prohibited.
- **LOCK YOUR DOORS AT ALL TIMES**

COURTESY HOURS

- **Courtesy Hours for All Residential Halls:** 24 hours a day, seven days a week.

NOISE

Sound carries easily through residence hall rooms. Voices, stereos, televisions and bouncing balls in your room can often be heard in other rooms on your floor and the floors above and below you. Remember that while you have rights to listen to music of your choice, other residents have a right to sleep, study, or listen to music of their choice without disturbance. You may be asked by other residents or staff to adjust the noise level in your room to reduce the disturbance to others around you.

Please be considerate and flexible. The playing of musical instruments is permitted within the living area, as long as it is not disturbing others. In order to report a noise violation, you should first contact the resident that is violating the policy, if this does not resolve the problem; you should contact your Resident Assistant or the front desk. Noise violation will result in a **\$100.00** fine.

Quiet Hours and Visitation during exam week

24-hour quiet hours will be enforced in all residence halls during Mid-Term and Final Exam weeks.

VISITATION

- Residence hall visitation is Monday through Sunday, 4:00 p.m. to 12:00 a.m.
- All residence halls close at 12:00 a.m. Access will only be allowed with an authorized ID card.

- Each guest must be signed in properly at the front desk, and must be accompanied by the resident that will be visited at all times.
- Residents are responsible for the behaviors of their guests.
- Residence halls are closed to guests during the weeks of mid-term/final exams and holidays.
- Parents, siblings, children/relatives of residents, and other visitors of residents are required to leave at the established hour of departure from the residence hall and will not be permitted to spend the night in the residence halls.

- Signing in a guest for another student resident.
- Failing to check-in or check out guests.
- Allowing guests to use unauthorized restrooms.

Student Agreements

All room/suitemates must agree whether guests will be allowed in an assigned room or living area during visitation hours.

Residents have the following rights in connection with visitation:

- Quiet enjoyment of the assigned residence hall room. This takes precedence over the right of another roommate to entertain guests.
- Refuse consent of guests in the room during visitation hours when the visit interferes with his/her privacy, study, or sleep.
- Withhold consent to allow guests in the common living area during visitation hours when the visit interferes with his/her privacy, study, or sleep.

GUEST/HOSTING POLICY

- Residents are not permitted to share, sublease, or allow the use of any assigned space to another person.
- At any time, disruptive guests may be asked to leave the building. Failure to do so will result in disciplinary actions for the guest as well as the host and possible issuance of a trespass notice.
- Guests are expected to abide by the same University and residence hall regulations as the residents. In the event a violation occurs the host of the guest will be held accountable, disciplinary action may be taken, and the guest may be asked to leave the residence halls.
- Overnight visitation must be **approved two weeks in advance for overnight guests of the same gender. Only one guest per resident is allowed** overnight visitation. The resident must complete an “Overnight Visitor Form” and submit it to the Residential Life Office. All roommates and suite mates must sign and agree to your guest visiting. Overnight same sex guest may not stay in the Residence Hall over 24 hours. Violators of this policy will be fined \$100.00 and assigned disciplinary sanctions as warranted.

Extended Visitation Policy

Requests for special Extended Visitation must be submitted to the Residence Hall Manager, two week prior to the arrival of the guest. Extension period will not exceed 24 hours but will be decided by the Residence Life staff and residence before approved. Visitation must be approved before the guest is scheduled to arrive. **This request for extended visitation**

must support academic priorities and will be considered during mid-terms and final examination periods and special class-projects, if applicable.

To insure the safety and security of all Claflin University residents and their guests, the following guidelines must be adhered to:

- All residents must sign guests in and out of the Residence Halls.
- Residents are limited to one (1) guests per visit.
- All guests must leave a valid picture ID card at the time of sign in. Proper or valid identification for guests consists
- of the following: State Issued Driver's License or Identification Card, Military ID, Current Student ID, or International Driver's Licenses (used for identification purposes only).
- The resident must meet their visitors in the lobby.
- Guests must be escorted at all times by the host resident. Failure will result in your guest leaving the Residence Hall.
- Residents will be held fully responsible for the conduct of their guest(s). If a resident does not feel their guest(s) can act responsibly, said individuals are not permitted to be signed in.
- Residents and guests must be properly dressed at all times.
- At the end of guest's visit, residents must accompany their guest(s) back to the front desk to receive their ID cards. Residents are responsible for arranging transportation for their guest(s) prior to the end of visitation. Residents and their guests are allowed to stay in the building until such time that transportation arrives, although there is **NO LOITERING** in the building or the courtyard after visitation has ended and the guest has been signed-out.
- No ID's will be given to guests without the presence of the resident who signed-in the guest.
- At no time are unaccompanied non-residents admitted into the living areas of the building without the host present.

If a resident is found in violation of any of these visitation guidelines, the resident will face official Residence Hall and Judicial Affairs actions **which could lead to losing visitation privileges and/or eviction from the Residence Hall.**

Non-residents or non-student violators of visitation privileges are subject to arrest on charges of trespassing by Claflin University Campus Police.

Visitation is a Privilege, Not a Right! Visitation can be Revoked if it Deems Necessary!

Office of Residential Life Residence Halls Visitation Policy & Agreement Form

The Visitation Policy must be read and signed by all roommates before visitation begins. I have read and agree to abide by all of the rules listed above. I am also familiar with the information in the Student Code of Conduct and Residence Hall Contract, Visitation and have agreed to abide by the rules and regulations. I understand that visitation is a privilege afforded to me and is not a guaranteed right of “residential living.”

Cohabitation exists when a person who is **NOT** assigned to a particular residence hall room uses that room as if he/she were living there. Cohabitation is not permitted.

Clafin University provides an opportunity for students to have co-educational visitation in the residence halls for a few hours each week under strict supervision and

control by the Residence Life staff as stated in the policy.

Residents found abusing or in violation of the policy will be referred to the Director of Residential Life and subject to disciplinary action including fines, revocation of visitation privileges, or removal from campus housing.

Resident found in violation of the policy will lose visitation privileges for the remainder of the semester and will be charged a fee (ranging from \$75 to \$200) for the reinstatement of visitation privileges in the following semester. The resident will forfeit eligibility for co-ed visitation if found in violation more than once.

BABYSITTING

Babysitting is **NOT** allowed in the residence halls. The residence halls are not equipped to handle small children. No one under the age of 12 is allowed past the lounge area.

ROOM CHANGES

- Room changes will not be considered as an effective form of conflict resolution and students will be expected to go through mediation when conflicts arise. Room changes are not a matter of right and the Resident will not be permitted to move from their assigned room without the permission of the Office of Residential Life.
- Room changes are dependent upon the availability of spaces. The student initiating the change will be required to move.
- Room and roommate changes made without written approval from the Department of Residential Life will result in disciplinary action and may require that you move back to your original room.

SPECIAL ACCOMMODATIONS

Students who require special accommodations in residence halls and apartments are asked to submit their individual needs in writing along with professional documentation of their disability or medical condition (including pregnancy) to the Residential Life Office, located in the Campus Center. The Residential Life Department will consult with Disability Services and Health Services regarding documentation of a disability and provision of accommodations. Following residence hall assignments each semester, the Housing Department will provide the Resident Manager and the University Public Safety Office with a list of residents who have a disability that have been provided special accommodations. This information will assist in identifying students in emergency situations.

Alternate forms of this material are available upon request. Please contact the Department of Residential Life.

PREGNANCY POLICY

Pregnant students may reside on campus during their pregnancy. Claflin's facilities are limited to single student housing and are unable to accommodate children in residence. If a student wishes to find suitable housing off campus, she should contact the Residential Life Office, located in the Campus Center (telephone number (803) 535-5651). Students may contact the Student Health Center to discuss plans for prenatal care, arrangements for labor and delivery, and transportation to the hospital if they wish to do so.

ILLNESS AND INJURY

If you are sick or hurt and need help, contact any residence hall staff member. The staff member will contact EMS for assistance if necessary. Call University Police (x5444) if no Residence hall staff is available. If transportation to the hospital is required, the University Public Safety will call for an ambulance. **Ambulance transportation will be at the student's expense.**

SEVERE WEATHER

Local radio and television stations announce tornado watches when the weather conditions are right for a tornado but none have been sighted, when a tornado has been sighted, and storm alerts when a severe thunderstorm is approaching. **Weather information can also be accessed via the University's website home page. All students are encouraged to sign up for the Panther Alert system. Please contact University Police for information.**

You should follow these procedures if there is a tornado or storm alert:

EMERGENCY LIST IS POSTED ON DOORS

1. Go to the lowest floor you can reach before high winds or the tornado strike.
2. Never use the fire alarm to alert fellow residents of a tornado!
3. Sit in central hallways with your arms folded over your face and head.
4. Stay away from the windows.
5. Leave corridor doors open.
6. Stay calm and do not panic.
7. Do not move until the tornado or storm is well out of the area.
8. If you are in open area, move away from the path of the tornado at a right angle. If you do not have time to run, lie flat in the nearest ditch or ravine.
9. Call 911 if emergency help is needed.

NOTE: Claflin University Emergency Notification Plan will be provided to all students.

PERSONAL PROPERTY/PERSONAL LIABILITY

The University will not be held responsible for loss, theft, or damage to any personal property, including during times when you are away from the hall. Your belongings are not protected from theft, vandalism by any University Insurance. Items of value should be marked for identification and serial numbers recorded. **The University Public Safety Department has engraving tools available for students' use.** The University does not provide theft or damage insurance for residents; therefore each resident is encouraged to purchase some type of personal property insurance. **The University strongly recommends that students insure all personal belongings.**

ADHESIVES

Students may not use tape on the walls, doors or floors in the rooms. Carpet tape may not be used to secure carpet to the floor. Students who put contact paper or any adhesives on

the walls, woodwork, or desktops may receive damage charges for residue that is left on any surface. **In order to maintain the physical condition of campus housing, residents should not use adhesive items on University property that may cause damages to the room.** If this damage occurs, the resident will be charged.

ADVERTISING

All posters and signs advertising activities and events must be approved by the Office of the Assistant Vice President of Student Development and must be sponsored by recognized organizations. Posters may not exceed 14" X 22". Signs must be approved by the Resident Manager before placing them on the residence hall bulletin board located near the lobby. No sidewalk chalk is allowed outside the residence halls. No banners are to be hung outside the residence halls unless you have made special arrangements. In order to maintain the physical condition of each residence hall we try to control the advertising throughout the building.

PARKING

There are no parking privileges on campus for freshman resident students, **unless approved by the Vice President for Student Development and Services.**

Upperclassmen residents with vehicles must have a campus decal displayed in window at all times.

VACATION PERIODS

The residence halls are closed during the Thanksgiving, Christmas, and Spring Break vacations. **All students must vacate the residence hall by 6:00 p.m. on the day designated by resident life staff for hall closing. If any resident is requiring SPECIAL ACCOMMODATIONS MUST BE APPROVED by the Assistant Vice President/Director of Residential Life two (2) weeks prior to leave.**

ROOM ENTRY

A Residential Life Staff member may conduct a general room inspection for fire safety, maintenance checks, head counts, health reasons, or to identify damages prior to the student's departure. Routine checks may be made before university holidays, at the beginning and end of each semester, and prior to check-out of a resident from the room. Entry into a student's room does not normally constitute a search. However, staff members would not usually enter a room without the resident's consent except to remove or inspect for a potential fire, safety, or health hazard, to perform maintenance, to conduct an inventory of university property, to correct situations intruding upon the comfort of other residents (a phone or alarm clock continuously ringing, loud stereos, etc.). If entry is made for one of the above reasons and the resident is not in the room, the staff member will normally leave an explanatory note stating what occurred.

In the event of danger to life and/or property, entry may be made by any authorized university official or appropriate emergency personnel (fire safety, maintenance, medical technician, etc.). **The University reserves the right to enter rooms when there is reason to believe that laws and/or University policy has been violated.**

Entry into a Student's Room for Maintenance Purposes

Maintenance personnel may enter a student's room with or without the presence of a Staff Member in order to perform maintenance or to determine maintenance needs. The

University wants to protect the safety of all residents on campus.

PETS

Animals are not permitted in the residence halls, with the exception of service or assistance animals in accordance with applicable local, state, and federal laws.

PROPPED DOORS

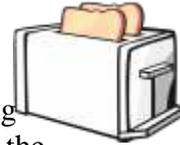

- In order to ensure the safety and security of all residents, propping or otherwise interfering with the closure of any exterior door is prohibited.
- Exterior doors must be kept closed and locked at all times.
- Propping doors will result in a \$50 fine and other disciplinary actions assessed to the responsible resident.
- Residents of floors or entire residence halls, with consistently propped doors, will be charged as a community and fined collectively.

APPLIANCES / POWER SOURCES

Electrical appliances permitted in the residence halls include such items as: desk lamps, refrigerator (not to exceed 1.8 amperage), computer, radios,

stereo, television, blenders, clock, iron, hair dryer, shaver, electric blanket, hot air popcorn popper, curlers and curling iron. The following are some of the appliances not allowed in the

residence halls because they present health and/or safety hazards: halogen lamp, oil lamp, portable heater/air conditioner, ceiling fan, toaster, toaster oven, hot plate, sandwich makers/grills, crock pot, BBQ grill and other cooking appliances. Only UL approved three-prong grounded extension cords are permitted. The University wants to protect the safety of all residents on campus. Residents are warned against overloading the electrical circuits in their rooms. Each room carries a load of 3 to 7 amps. A stereo, television, and refrigerator each draw approximately 2 amps. Rooms are not wired to permit the use of large electrical appliances. Residents should unplug appliances after use. Be sure to use appliances in open areas free from combustible items (e.g., paper, curtains, and clothes).

- **Rewiring of a resident's room by non-college employees is prohibited.**
- Radio or television antennae or cable/satellite dishes placed outside students' room is prohibited.
- Each room is only allowed to have six appliances.

TIPS FOR PERSONAL SAFETY

- Evening travel – Never walk alone on campus after dark. Always walk in groups.

- Do not allow unescorted or unidentified individuals to enter or loiter in the residence hall.
- Never carry large sums of cash

- **Keep your room door locked whenever you leave; even if for a short time.**
- Never leave valuables in plain view, either in your room or in your parked vehicle.
- Always lock away checks and credit cards.
- Report your or your roommates, lost or stolen keys to your hall manager.

The Internet

Resident students can now have *free* access to the internet and establish an e-mail account without using a telephone or a modem. Wi-Fi is now available in all residence facilities. Access to the internet is *free* to all residents

1. The staff in the office of Information Technology will give you all the information you need about setting up your computer for e-mail and internet access. Any student requiring the use of an Ethernet Cord, can be obtained from the Resident Manager.
2. If you need information or have any questions, stop by JST room 108 or call x5441.

If you are having trouble getting your television to pick up channels, you will need to do a channel search. This should find about 69-70 channels.

If your TV did not find the channels, then it does not have a QAM tuner built in. Time Warner Cable has upgraded our cable TV to digital only and requires a QAM tuner.

If your TV does not have a QAM tuner, you have two choices:

1. Buy a new Digital TV (Expensive but provides a full digital picture upgrade)
2. Buy a QAM Tuner (about \$30)

Information Technology purchased and tested a QAM Tuner from Amazon.com, “IVIEW-3200STB” for about \$29.24. I’ve included a screenshot of the Amazon item that we have tested and verified that it works correctly.

Roommate Contract

All roommates have difficulty living together at some point. It is usually one of the most valuable experiences people recall from their days in college--but it doesn't always feel fun at the time. Some students may qualify for a single room, yet, there are advantages to working things out with a roommate. The negotiation skills learned in sharing a living space with someone may prove to be invaluable later in life, especially if planning to have a partner or children. To help navigate through potential conflicts, we have provided a Roommate Bill of Rights and Contract. It is recommended that you fill out the contract with your roommate BEFORE issues arise. Feel free to make adjustments to fit your individual needs and living situation!

Roommate Bill of Rights

1. The right to read and study free from undue disturbance.
2. The right to sleep without disturbance from noise, guests, or roommates.
3. The right to expect that a roommate will respect one's personal belongings.
4. The right to a clean environment.
5. The right to free access to one's room.
6. The right to personal privacy.
7. The right to host guests while respecting the rights of roommates and other residents.
8. The right to be free from intimidation, physical, and/or emotional harm.

Roommate Agreement

As roommates, we realize that this room will be our home for the coming academic year. In order to keep harmony, we have discussed and have reached decisions on the following issues. Regarding the use of our room:

The times we designate as quiet, study times are _____

The times we designate for noise (i.e. Social, TV, Music, Fun) are

Guests are welcome during the following hours: _____

Overnight guests are welcome under the following conditions or on the following nights:

Regarding sleeping times and rising times (lights, etc.) we decided:

About room key sharing and locking the door we decided: _____

About open windows and temperature: _____

Regarding the use of things in our room:

For lending and borrowing of personal items (i.e. toiletries, clothes, pens) we decided to:

For using/caring for the larger items in our room (i.e. TV, stereo, fish tanks, microwave, and fridge) we decided:

For purchasing/sharing of food we decided: _____

Our wall space (for decorating, etc.) will be used _____

We decided the following about room cleaning, recycling/garbage disposal, etc.

Regarding personal habits.....

About personal habits (meditation, alcohol, drug use, etc.): _____

Other: _____

Communication is the key to getting along as roommates. A positive communication system is one that involves being honest with each other, without being harsh or rude, being open, and allowing for the sharing of frustrations. Re-negotiating items when needed is a right of both roommates! The most rewarding relationship is one that facilitates not only a good relationship as roommates, but also a good relationship as community-mates!
