Hello Class of 2026

On behalf of the Office of Residential Life (ORL), I would like to be one of the first to welcome you to Claflin University and express our excitement that you will join us this year in one of our various residential communities. Whether your classification is freshman or transfer student, we, in ORL, strive to facilitate lifelong learning among our students in their quest to become visionaries. It is our goal to create a supportive environment in which awareness, growth, leadership, and civic engagement are fostered through intentional endeavors and meaningful interactions.

We understand that many students have never lived away from home or shared a room before coming to Claflin and are anxious about what the experience will be like. It is our hope that you will find that the residence halls at Claflin University are more than just a place to store your things and get a good night’s rest, but a place where you feel at home, where you can discover yourself, the world around you, create your own destiny and where you can foster dynamic, deeply rooted relationships.
